## Three Farms

According to the 2017 Census of Agriculture, Valley County had 188 farms totaling 50,959 acres. The Smith, Harris, and Washington farms together have 7,500 acres. The Smith farm is twice as large as the Harris farm. The Washington farm is onefourth the size of the Smith and Harris farms combined. How large is each farm, and what percentage of the total farm acreage in Valley County do these three farms represent?
